Why Sponsor CHCon?

As a sponsor, your company will be in front of the best and brightest industry professionals, along with up-and-coming talent. Our sponsorship packages will provide you with opportunities for recruitment, showcasing your business, networking, as well as showing your support and dedication to the cybersecurity community.

As a not-for-profit, CHCon is committed to making our conference accessible to all those who want to attend. It is because of our sponsors that we have been able to successfully continue our mission of empowering and inspiring individuals who are passionate about technology, security and innovation.

As part of sponsoring CHCon, we are pleased to announce Sponsor Hall, new for CHCon 2023! This will be a dedicated area for Bronze Level and up sponsors to share information on your company as well as display a banner at your table. This is a perfect opportunity if you are interested in recruiting and networking, as all of our attendees will be frequenting the hall throughout the conference. Please note: this area is not intended to be used for sales. We will also be offering the option to sponsor meals throughout the conference. It is during these times of shared kai, that people gather to share information, brainstorm ideas and network and is a great branding opportunity.

We are excited to offer sponsorship packages which have been designed to maximise your investment in CHCon. If you are interested in other ideas or options not listed below, please reach out to us to discuss a customised sponsorship package.
